

Edit Forms

To edit a form:

1. Go to **[Study Name] > Forms**. A list with all created forms will appear.
2. Click on the **Edit** icon below actions on the form you want to edit.
3. Make changes to the form and click **Save form**.

To edit a form in Study Start mode:

Once the study has been started, it is not possible to add, modify or remove the question from the form. You can only edit the text fields, as they do not directly affect the data collected. Edits to question(s) are done through study amendment, see more in our [Study Amendment](#) article.
